Conduct on School Site

Concerns have been raised regarding use of bad language on school premises. Using bad language or discussing adult topics is absolutely not acceptable in front of the children. Children may appear not to be listening but they pick up on conversations very quickly. Remember also, that there are many younger siblings waiting at the school gate at home time as well as children in the classroom next to the kitchen. We are finding children are repeating unsuitable words in the playground. Please support us in modelling good behaviour and language at all times but particularly on school grounds.

The school site is, and should always be, a safe place for children and their parents and carers. If you see or hear anything which you feel goes against our ethos, please report it to the office immediately. Thank you to those of you who already have done so.

Reminder - Vaping is not allowed on school site. Once through the school gates please refrain from using vaping devices.

Middays needed

Due to staff illness we have been short of Midday Supervisors. We are currently covering this with Teaching staff. If you think you would be available to help at lunch times or become a relief or full time Midday Supervisor please speak to the office staff or Mrs. Dodd.

Reminder

Please label clothes, sandwich boxes etc. we have a number of items around school that we cannot return, as they are not labeled with the child's name.
