Governor Vacancy

We still have a space for a parent governor. If you think this is something you are interested in and want to know a little more about the role then please come and talk to either Mrs. Dodd, Headteacher, or Mrs. Senogles, Chair of Governors.

Head Lice

There have been quite a few reported cases of Head Lice across School. Please can you check your child's hair tonight and treat if required.

We suggest the following procedure for inspecting your child for head lice:

1. Under bright light begin looking at the back of the head just above the neck area.
2. Part the hair section by section and look closely for head lice or nits (eggs). Eggs will usually be located near the scalp.
3. Depending on the length and thickness of the hair, it should take between 5 and 15 minutes to properly inspect a child's head.

If you suspect your child is infested with head lice please treat your child promptly. In addition, the entire family should be inspected for head lice as well.

Your child does not need to take time off school for treatment.
